

LET US HELP YOU TO DEVELOP A CONCEPT TO ENHANCE YOUR PROPERTY'S IMAGE

We have over 30 years of experience in the landscape design and building industry. Our professional designers are knowledgeable in plant material, design principles, budget cost estimating and construction supervision.

Your property's physical aspects will be analyzed along with your personal needs and wishes. We will work with you to develop a personalized master plan to enhance your property's aesthetic and economic value. This plan will be divided into phases which can be implemented at different times as your budget permits.

Dear Mr. and Mrs. Labriola,

On behalf of *Garden Design* magazine, we'd like to congratulate you on winning a 2004 Golden Trowel Award.

After an extensive judging process, our jury has singled out your entry for design excellence. Within the next few months, we will be sending you a gardening tool to commemorate the occasion. Our February/March 2005 issue will showcase the winning gardens.

Thanks for your support and interest in our Golden Trowel program.

Congratulations,

Editorial Staff of *Garden Design*
